## COTTON.

New York Cotton.

New York, April 19.—Aside from occasional spurts and short covering and attempted support for May and July by the more prominent bulls, the cotton market was inactive and at times displayed decided weakness. Since the breaking of the Texas drought, the only complaint is of the drought at Atlantic states. The market opened fractionally lower and closed steady.

Liverpool Market.

Liverpool, Eng., April 19.—There is moderate business being done in the spot division of the cotton market today, the sales aggregating 8000 bales, on a basis of 11 English points lower, at 7.88 for American middlings, or 15.73 in American values.

Imports were 14,000 bales, including 10,200 bales of American. Futures opened quiet and ranged from 4 1/2 to 5 1/2; the market ruled steady. The opening of this side was lower, but the tone steady.

The trade feels the effect of the improved crop conditions, the only adverse condition being the unreasonable coolness of the weather.

The spot market is steady and in fair demand owing to a desire of the bear leaders to keep the mass all cotton for tender on May delivery.

## LAW PROHIBITS CHANGE OF COURT

Actions Filed Against Railroads May Not Be Transferred.

Civil actions against common carriers, first filed in the state courts, may no longer be transferred to the circuit courts of the United States, according to a law passed by the national congress. Copies of the act have been received by local officials of the federal courts in El Paso.

The law is entitled, "An act relating to the liability of common carriers by railroad to their employees in certain cases," approved April 22, 1908.

Section 6 provides "that no action shall be maintained under this act unless commenced within two years from the day to which the cause accrued."

"Under this act an action may be brought in a circuit court of the United States in this district of the residence of the defendant, or in which the cause of action arose, or in which the defendant shall be doing business at the time of commencing such action. The jurisdiction of the courts of the United States under this act shall be concurrent with that of the courts of the several states, and no case arising under this act and brought in any state court of competent jurisdiction shall be removed to any court of the United States."

## JIMMIE BOND IS NOT IN THE CITY

Young Real Estate Man Is Missing; Several Debts Are Left Behind.

James R. Bond, real estate dealer, and young man about town, well known in a certain social set, member of the Elks and other clubs of the city, has left El Paso and is understood to have gone to San Diego, Cal. Bond left several debts behind him which he did not arrange to pay prior to his departure. One man confessed that Bond owed him \$1200 cash for money advanced in the interests of the business in which he was engaged, and said he had left nothing behind except some office furniture of uncertain value, which has been seized by one of his creditors.

The automobile in which he was often seen running about town and which was generally believed to have been his own property, is claimed by Felix Martinez, who says that he purchased the machine and allowed Bond the use of it.

Moonlight automobile rides, late supper and expenditures incident thereto did not agree, it seems, with the income of the boy who rose from the station of modest journeyer to real estate magnate, and became a plunger.

## INQUIRY AS TO THE WHEREABOUTS OF L. C. BONHAM

Telegrams have been received from St. Louis asking as to the whereabouts of L. C. Bonham and wife. Relatives seem to be uneasy. Friends of the couple here do not appear to know where they are. H. Herskovitz, who was a partner with Bonham in the barber supply business, says Bonham sold out to him April 1 and that Bonham also sold a barbershop which he owned in the basement of the Mills building. Bonham, he says, told him he would leave El Paso, as the altitude was too high for him. Bonham had been living here over eight years.

Bonham and wife lived at 504 Texas street, upstairs, and at that address Mrs. Golden, mother of Golden the plumber, said she bought the furnishings of the place from Mr. and Mrs. Bonham a week ago last Thursday and had not seen them since, although she got a note from Mrs. Bonham last Friday, and that Mrs. Bonham at least must have been here on that date. The note was an inquiry as to whether the Bonhams had not left a violin in a closet in the house. Mr. Herskovitz says that he saw traveling man who met Mr. Bonham at Clint on some land business last Friday, the same day the wife was heard from by Mrs. Golden.

## FIRE AT MOGOLLON.

Fire, the origin of which is a mystery, destroyed the postoffice building and news and stationery stand of K. S. Patrick & Kennedy, at Mogollon, N. M., recently, entailing a total loss of about \$800, partly covered by insurance.

## THE FOUNDER OF INDIGESTION.

The founder of indigestion was Noah: he forgot to leave the pigs ashore. From the hog comes land. From indigestion. The moment you put land-cooked food into your stomach, you send a pressing invitation for dyspepsia to come and take possession.

You don't need to use land, though, unless you want to; there is a cooking fat that makes food any stomach can easily digest. It is COTTLENE; no hog fat—just pure vegetable oil, nutritious, wholesome, makes flaky, crisp, crisp doughnuts, light, rich rolls and cake—in fact, all the things you like, but cannot eat perhaps, because they do not "agree."

COTTLENE has been well named "the perfect shortening."
